1. Installation Guide

- Close e2Studio, if open.
- Copy the “.pack” file into the folder

`<e2studio_install_dir>\internal\projectgen\arm\Packs`

overwrite potential previous versions.

2. Migration procedure of the projects

After the BSP installation, import the project into the new e2studio version and the update procedure should start automatically when you open the `configuration.xml` file.

3. BSP Change log

Version	Release Date	Modifications
1.6.0	2019-04-08	<ul style="list-style-type: none"> Modified ethernet section for adding custom PHY driver.
